

103 POLICY - Authority of Board of Regents Members

103.1 Statement of Policy

Regents have authority in matters dealing with Redlands Community College when acting as a Board of Regents legally in session. A decision once made by the Board of Regents should be supported by all members of the Board. Regents who question the legality of a proposed Board action may request from the Board's attorney clarification or legal opinion on such action. Any action to the contrary by any Regent will only bring discredit upon the Board and its membership and will subject the offending Regent to censure by the Chair of the Board or by a vote of the Board of Regents.
